Language Project Planning and Implementation	£400	£20
Discourse and Phonology	£1,050	£60
<b>Dissertation</b>	<b>£900</b>	n/a

## Notes:

1. For those studying a full stage (e.g. PGCert) as a non-validated programme, a 10% discount is applicable to the Tuition Fee.
2. The Maintenance Fee covers use of the College facilities, all refreshments and Community Lunch provided on Wednesdays during term time. No food or refreshments are provided during term breaks and holiday periods. The Maintenance Fee does not cover accommodation, which is arranged separately. The Maintenance Fee is true at time of publishing (June 17), but may be subject to change nearer to your course of study.
3. If you are taking the Translation Course, it is highly recommended that you should attend the Paratext Training unless you can demonstrate a working knowledge of the Paratext software. Paratext Training is offered free of charge to those undertaking a full postgraduate course of study.

**Redcliffe courses are offered as non-residential and accommodation arranged separately. We aim to assist all students in finding suitable accommodation and our Accommodation Manager will liaise with students to help arrange this, after acceptance to a course.**
